

## Directions From Salzburg Airport

After leaving Salzburg Airport get onto the Motorway A10 towards Graz/Villach/Salzburg (travelling south). After 65 miles merge onto the B96/Murtal Bundesstrasse via exit 104 towards St Michael (just before the toll gates).

After a couple of miles turn left onto the B99/Katschberg Bundesstrasse, then left back onto the B96/Murtal Bundesstrasse. After 3 miles turn onto the L225/Thomataler Landasstrasse, after 8 mile turn right onto the B95/Predlitz-Turrach, then after 5 miles turn left onto the B97 which takes you to Stadl an der Mur(sign posted Murau).

When you enter Stadl just after the "Welcome to Stadl" sign, turn first right, sign posted "Kaltwasser" and "Flattnitz". Go over the unmanned level crossing (please stop to see the train is not coming) the complex can be found on the right hand side approximately 700 meters further up this road( 1.4km form turning).

Turning off the road to the right by a big white house with fenced off wheely bins outside, go up the hill and behind this house and then turn right into the complex. Our chalet 144 is on the left hand side straight ahead (look out for the Blueskylettings name plate over the conservatory doorway).

If you enter Stadl from the other direction (from the town of Murau) go over the bridge and around series of sharp corners and take the next left turning sign posted "Kaltwasser" and "Flattnitz".

Go over the level crossing and the complex is to be found on the right 700 meters further up this road.
